

Unit 3: Universe of Obligation - World War I - How and Why it began

We are beginning a new unit on World War I, World War II, and the Holocaust. Many historians consider the two World Wars a single extended war because one led directly to the other.

The **acronym MANIA** summarizes the 5 main causes that led to World War I. Your first task is to skim over the introduction and section 1 of chapter 13 (pgs. 404-410) of the textbook copies and figure out what the initials MANIA stand for and write the word in the space provided.

Do NOT write in the boxes yet...
